EMPLOYMENT

ANDELA KIGALI LIMITED
Associate Software Engineer

Kigali, Rwanda
Apr. 2019 to Apr. 2020

- Developed essential full-stack features of internally used applications as part of different teams.
- Performed testing and quality assurance through software development.
- Thrived in distributed teams using the agile methodology as their software development process.
- Helped through the recruitment of software engineers by conducting interviews and mentoring them throughout their Bootcamp phase prior to joining Andela.

WAFR
React Native Developer

Remote
Nov. 2019 to Feb. 2020

- Designed components and developed new features on WafR's mobile app.
- Refactored some existing features.

PROJECTS

AUTHORSHAVEN

May 2019 to Aug. 2019

Authorshaven is a clone of Medium. it allows it's users to register, write, publish, read, share, bookmark, and react to articles. it is also intended to create a community of like-minded authors to foster inspiration and innovation by leveraging the modern web.

CODELAB

Sept. 2019 to Sept. 2019

This is an app that allows to view top 100 developers located in Lagos. you can view their GitHub profiles from the app and share them with other people

CONVERGE

Oct. 2019 to Dec. 2019

Converge is The Andela Meeting Room management solution. it helps Andelans book, checkin and checkout of meeting rooms

PORTFOLIO

May 2020 to June 2020

This is my portfolio website. it contains my resume, projects I have worked on, my skills, and contact information.
